Words of Wisdom by Principal

In the words of APJ Abdul Kalam, "Educationists should build the capacities of the spirit of inquiry, creativity, entrepreneurial and moral leadership among students and become their role model.

The prime objective of **RAYS PUBLIC SCHOOL, CHAURI CHAURA** is to focus majorly on providing a platform to a child so that he learns about his inner potential. The School believes in providing top quality education coupled with holistic growth of a child and aims to create a successful global citizen. In today's dynamic world when every moment a new innovation in technology is evolved, the School provides ample opportunities to students to innovate and think critically and lead the learning process.

The very competent team at RPS which is quite professional and possesses expertise in individual fields strive hard to concentrate on each and every child, monitor and mentor them, appreciate their achievement and encourage them to overcome their shortcomings. All the teachers are given equal opportunities to evolve new ways of teaching, keeping in mind the modules of Bloom's Taxonomy and National Education Policy 2020. We firmly believe in the dictum of the Quote :

"Where a Team Works, Dream Works"

For Rays Public School believes that it is only that a team with proper vision in mind can achieve the pinnacles of success which every institution reckons and aspires for.

Thanks and Humble Regards
